2. Selection criteria

Inclusion criteria	Ovarian cancer patients who have received surgery and/or radio(chemo)therapy as part of their treatment
	The prognostic value of novel prognostic markers was reported in the studies
	All the studies were published between February 1, 2015 and February 1, 2021
Exclusion criteria	The number of patients was less than 50 in these studies
	Prognostic factors of other diseases unrelated to ovarian cancer
	Prognostic factors were studied only in cell lines and/or animal models
	Systematic reviews and critical articles
	Studies had no positive results
Studies not associated with clinical outcomes
