

## Supplementary Figure 1

**Supplementary Figure 1. SB225002 suppresses cell proliferation in vitro.** SB225002 inhibited cell proliferation. HNE-1, CNE-1 and CNE-2 human nasopharyngeal cancer cells were treated with SB225002 for (24, 48 and 72 h), cell viability was evaluated by CCK8 assay (\*\* $p < 0.01$ ; \*\*\* $p < 0.001$ ; Student's t-test). Values represent mean  $\pm$  SD ( $n = 5$ ).
