

Negatives: No antibody or DAPI staining (Salivary Gland)

Green-405nm laser (410-497 nm emission)

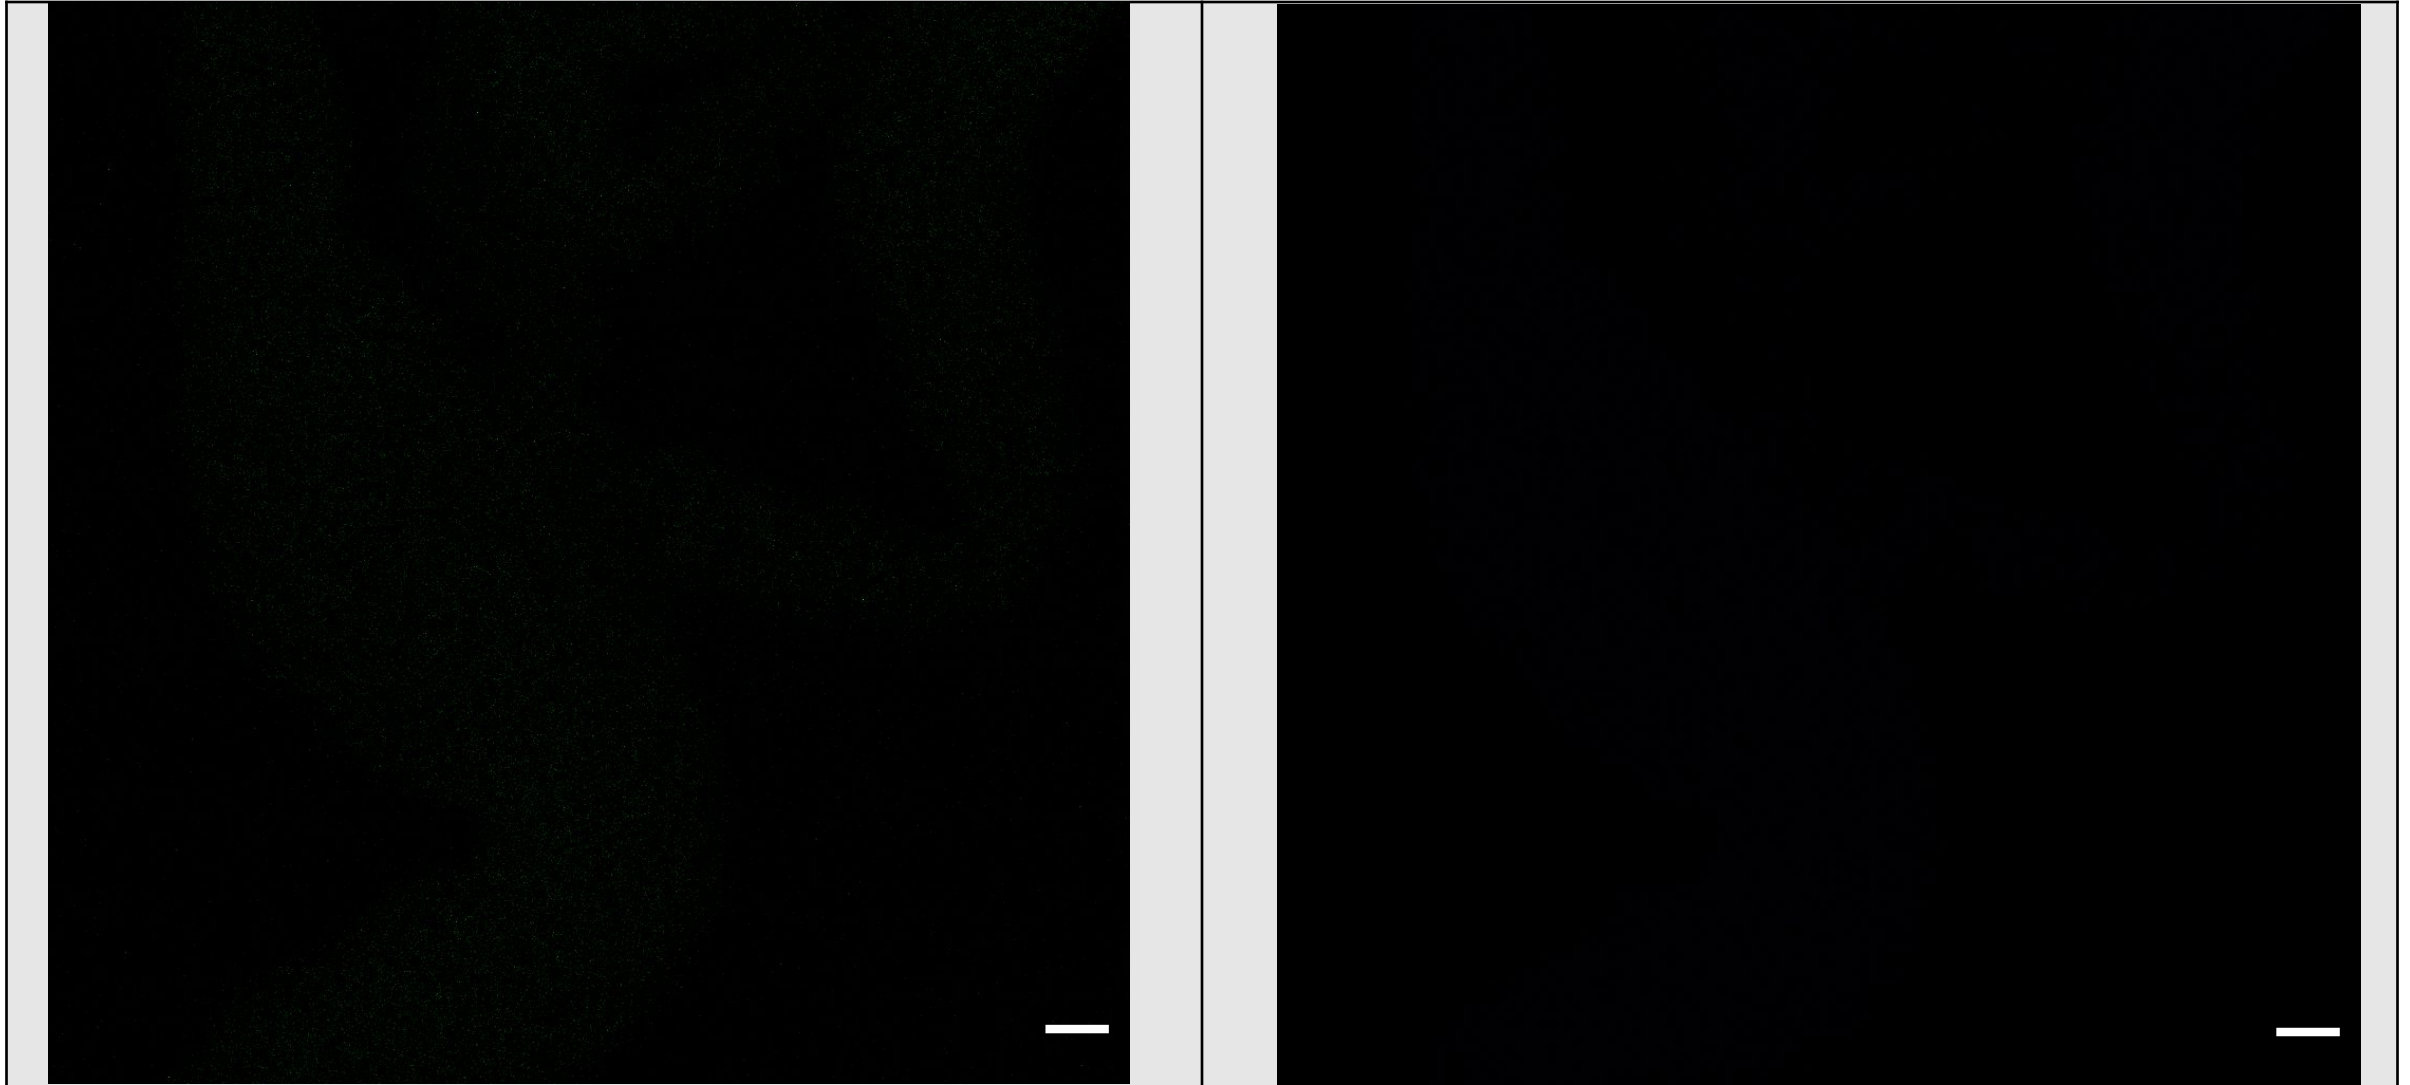

Blue-488 nm laser, (493-634nm emission)

Negatives: No antibody or DAPI staining (Gut)

Green-405nm laser (410-497 nm emission)

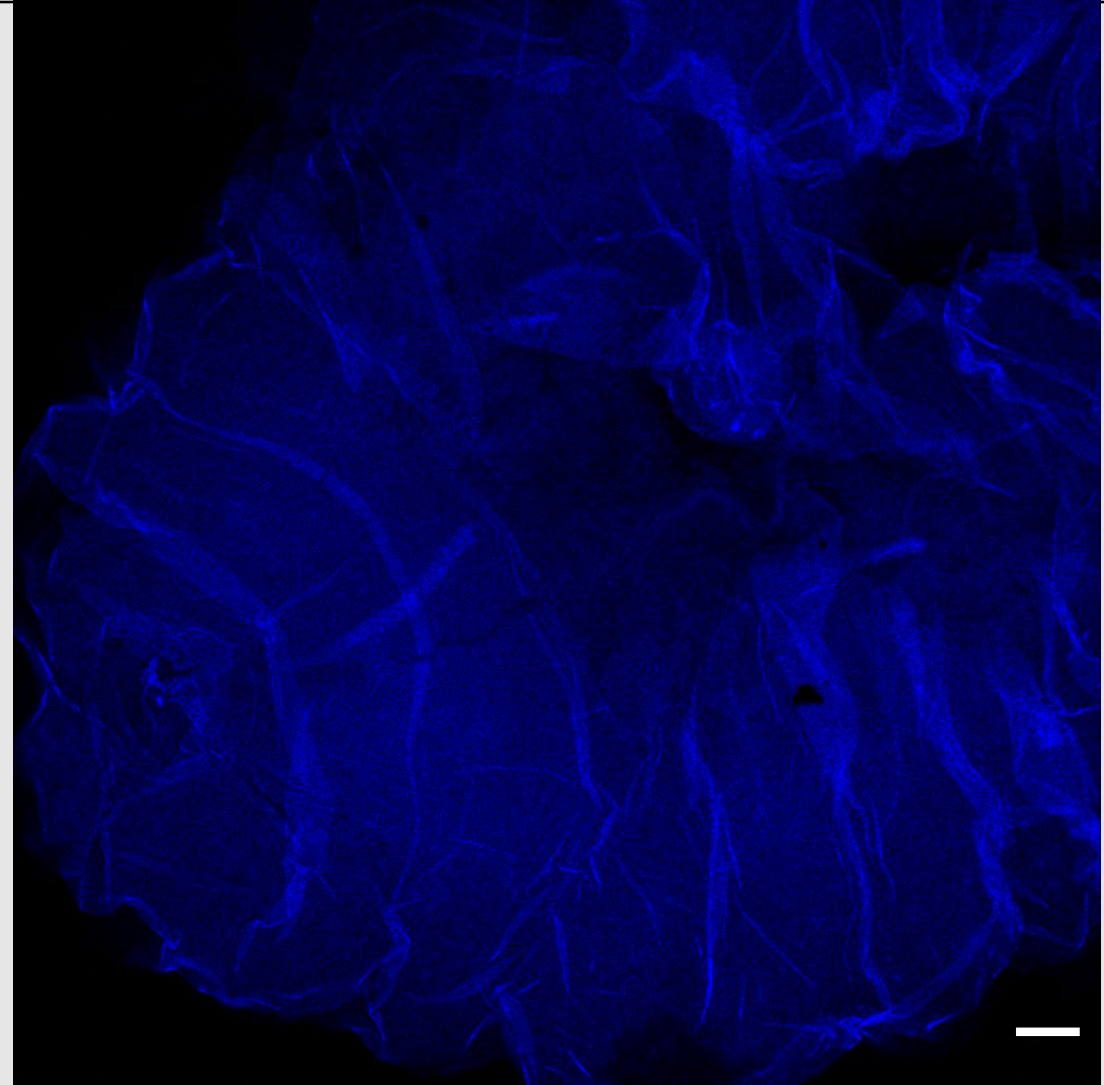

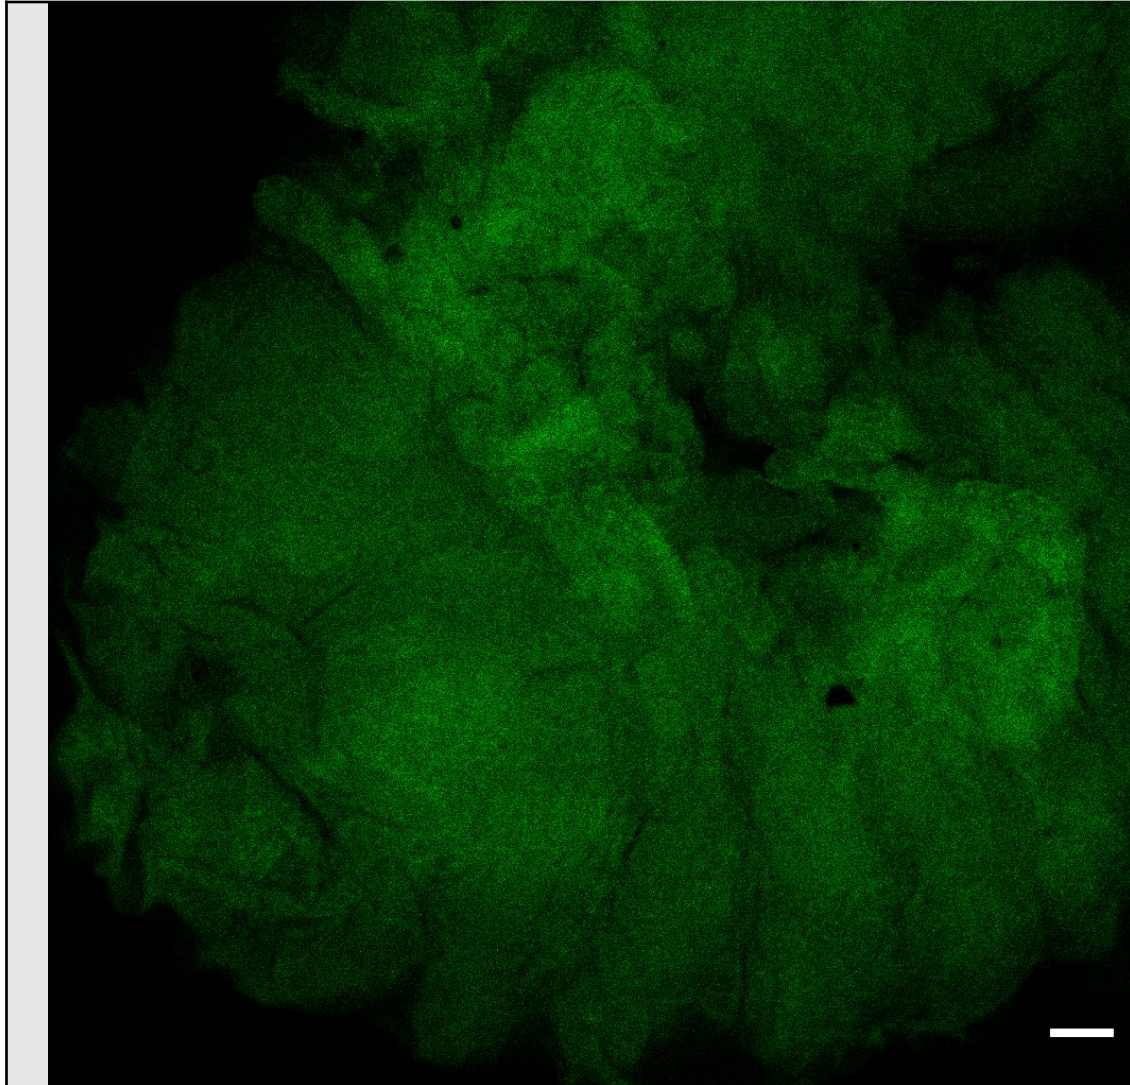

Blue-488 nm laser, (493-634nm emission)

Negatives: No Antibody or DAPI staining (Body wall)

Green-405nm laser (410-497 nm emission)

Blue-488 nm laser, (493-634nm emission)

Negatives: Primary antibody only (Salivary Gland)

Green-405nm laser (410-497 nm emission)
