Introduction peer navigator name and institution and name of study:

Hello I am from AHRI and I am working as a Theta Nami peer navigator in the HIV prevention programme.

Memory Note

- Greet the participant with respect irrespective of their age
- Ask if they can give you few minutes of their time.
- If yes, introduce yourself and the organization
- Introduce Theta Nami and the Isisekelo sempilo study and make you sure you mention that we are trying to understand young people's need and how we can support them.
- Remember to capture their needs on the tablet-based monitoring tool.
- If requested, please provide support and refer participant to relevant services (check the list of services with you).

Is the person willing to speak to you? No/Yes

What is the main reason why this participant is not willing to speak to you? Not interested; In a hurry, can't speak now; Other

Please provide other reason why the person was not willing to speak to you.....

Goal of Theta Nami

The goal of the Theta Nami is to help young people aged 16-30 years to navigate their communities, support and link them into HIV prevention, treatment and care services among social and education issues you may have.
