

Data Sharing Statement

Blackwood. Effect of a Sedation and Ventilator Liberation Protocol vs Usual Care on Duration of Invasive Mechanical Ventilation in Pediatric Intensive Care Units. *JAMA*. Published August 03, 2021.
doi:10.1001/jama.2021.10296

Data

Data available: Yes

Data types: Deidentified participant data

How to access data: Requests for data sharing will be reviewed on an individual basis by contacting the Chief Investigator, Bronagh Blackwood at b.blackwood@qub.ac.uk

When available: beginning date: 01-31-2023

Supporting Documents

Document types: None

Additional Information

Who can access the data: We shall make data available to the scientific community with as few restrictions as feasible, while retaining exclusive use until the publication of major outputs.

Types of analyses: For any purpose

Mechanisms of data availability: Requests should be directed to b.blackwood@qub.ac.uk. To gain access, data requesters will need to sign a data access agreement.
