

## Data Sharing Statement

Hall VG, Ferreira VH, Ku T, et al. Randomized Trial of a Third Dose of mRNA-1273 Vaccine in Transplant Recipients. N Engl J Med. DOI: 10.1056/NEJMc2111462.

Question	Authors' Response
Will the data collected for your study be made available to others?	Yes
Would you like to offer context for your decision?	—
Which data?	Individual participant data related to the primary endpoint that underlie the results reported in this article after deidentification
Additional information about data	—
How or where can the data be obtained?	Data can be obtained by contacting the investigators at <a href="mailto:Deepali.kumar@uhn.ca">Deepali.kumar@uhn.ca</a>
When will data availability begin?	Immediately after publication
When will data availability end?	5 years after publication
Will any supporting documents be available?	Yes
Which supporting documents?	Protocol and Statistical Analysis Plan
Additional information about supporting documents	—
How or where can supporting documents be obtained?	Available online with the article
When will supporting documents availability begin?	Immediately after publication
When will supporting documents availability end?	—
To whom will data be available?	Researchers who provide a methodologically sound proposal that aligns with the purpose of the study. Regulatory agencies.
For what type of analysis or purpose?	—
By what mechanism?	Proposals should be directed to <a href="mailto:Deepali.kumar@uhn.ca">Deepali.kumar@uhn.ca</a>
Any other restrictions?	Data requestors will need to sign a data access agreement.
