Sorry I don't have.	1
No suggestion	1
No, I do not.	1
I believe there is still room for improvement but would like to get to you if I have any.	1
Not at all	1
More resources on NP research should be uploaded and also profile of resource person should be made available for future	1

Do you have any other suggestions for improving the workshop?

The organizers could give more time for the hands-on session	1
the zoom meeting links should be clearly marked out for each session at the different session	1
First of all thank you very much organizers for this workshop, congratulations !!! Basically, I have 2 suggestions; 1- More time for hands-on sessions because it gives more time for exchanges hence provides higher opportunities for learning. 2- Though difficult, I firmly think that a face to face workshop would be more appreciated. So bringing people together in one place for me is my second suggestion. This is because it is difficult to respect time with our different geographical time zones.	1
