Thinking about societal impacts and welfare broadly speaking in June - December 2020 which locations do you feel mask usage is most important?

You will choose the locations with the most important and least important roles in terms of mask usage contributing to human well-being in light of what is currently known about COVID-19. A subset of the locations below will be presented 7 times.

- Grocery/food stores
- Home improvement/hardware store
- Retail settings other than grocery store/home improvement store (i.e. department and other retailers)
- Religious services (i.e. attending church or religious services or gatherings)
- Schools
- Restaurants
- Public transportation (in buses, airplanes, trains or other transportation interacting with any member of the public)

From the following set of locations, where do you believe that masks have the **most important** and **least important** role in contributing to human well-being
