

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Datasets used in this study

File Name: Supplementary Data 2

Description: Lists of genes repressed by promoter methylation concurrence-elevation, hypermethylation, or both of them in uterus tumor

File Name: Supplementary Data 3

Description: List of methylation canyons and their target genes in CD3+ T-cells

File Name: Supplementary Data 4

Description: List of 'methyl-plus' and 'methyl-minus' motifs used in this study. Enrichment at aCanyon and pCanyon in CD3+ T-cells is indicated.
