

Faculty Perceptions on the Impact of COVID-19 Crisis

Faculty of Surgery, Anesthesia, and Surgical Subspecialty Residency Programs

Age

Gender

- Male
 Female

Faculty for Residency Program:

- General Surgery
 Plastic Surgery
 Cardiothoracic Surgery
 Orthopedic Surgery
 Oral Maxillofacial Surgery
 Urology
 Podiatry
 Anesthesiology

Subspecialty (if applicable):

Are you critically care trained?

- Yes
 No

COVID-19 PANDEMIC IMPACT (March 15 - May 4)

1 Strongly Disagree 2 Disagree 3 Neither Agree nor Disagree 4 Agree 5 Strongly Agree

Your operative volume significantly decreased during the COVID-19 pandemic?

-

Were you redeployed outside of your specialty due to the COVID-19 pandemic?

- Yes
 No

How were you redeployed?
(Select all that apply)

- ICU (any critical care unit)
 General surgery call
 General medicine
 Other

Specify your area of redeployment:

Involvement with Residents

	1 Not at all	2 Very little	3 Sometimes	4 Most of the time	5 All of the time
I worked closely and often with residents and/or fellows prior to the COVID-19 pandemic.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I worked closely with residents and/or fellows during the COVID-19 pandemic.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

What is the average number of operations and/or procedures that you performed with residents and/or fellows prior to the COVID-19 pandemic? (per week)

0
 1-5
 6-10
 11-15
 16-20

Assessment of Technical and Critical Care Skills

Do you believe the residents have experienced a reduction in operative (or anesthesia-based) technical skill due to the impact of the COVID-19 crisis?

Yes
 No

	1 No Reduction	2 Very Little Reduction	3 Moderate Reduction	4 Large Reduction	5 Very Large Reduction
How would you assess the impact on their operative (or anesthesia-based) technical skill?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Do you believe the residents have experienced an improvement in the management of critical care patients due to the impact of the COVID-19 crisis?

Yes
 No

	1 No Improvement	2 Very Little Improvement	3 Moderate Improvement	4 Large Improvement	5 Very Large Improvement
How would you assess the impact on their ability to manage a critical care patient?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Assessment of Progression and Readiness for Independent Practice

	1 Not Confident	2 Somewhat Confident	3 Moderately Confident	4 Very Confident	5 Extremely Confident
How confident do you feel that the residents will be prepared to practice independently given the interruption in their training due to COVID-19?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How confident are you that residents will be able to perform level-appropriate steps of an operation (or of providing anesthesia) after the COVID-19 pandemic, that they normally would have been able to perform prior to the pandemic?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
