## **1 Additional file 1 : CoMix sample characteristics by country and survey wave**

This additional file provides sample characteristics of CoMix waves that were already collected and of which the data has been delivered. Sample characteristics may deviate from the ones reported in other CoMix studies as a result of data cleaning or other post-collection corrections. CoMix data collection in Finland, Switzerland and Lithuania was postponed to summer 2021 due to an issue in the data collection. Hence, no sample characteristics are reported for these three countries.

## 1.1 United Kingdom

**Table S1. CoMix sample characteristics for the United Kingdom.**
