Doron and Ingalls, *et al.*

**Table S1. Results of survey of families/caregivers and educators/staff (related to STAR Methods)**

<b><u>Prior to/without baseline screening</u></b>		<b><u>After baseline screening</u></b>	
Proportion self-reporting (%)*		Proportion self-reporting (%)*	
<b><i>Educators/staff</i></b>			
Not comfortable	50		
Somewhat comfortable	30	Not reassured	5
Neutral	7	Neutral	13
Mostly comfortable	10	Reassured	53
Very comfortable	2	Very reassured	29
<b><i>Families/caregivers</i></b>			
Not comfortable	18		
Somewhat comfortable	31	Not reassured	1
Neutral	12	Neutral	12
Mostly comfortable	27	Reassured	41
Very comfortable	12	Very reassured	46

\*Survey responses were received from 491 educators/staff and 658 families/caregivers (78% with at least one student at middle or high school levels, 22% with students only in preK-5)
