

## Supplemental Figure 1 COVID-19 restrictions and in-person vs. virtual learning

State-mandated contact restrictions in response to the pandemic changed multiple times during the study period. Restrictions in place in March and April 2020 were deescalated during May and June 2020, and reinstated in November. The following figure summarizes the mayor regulations prescribed by the Lower Saxony state government. Schools were open during the study period, with varying levels of in-person and virtual learning. Time point (TP) 1 occurred when school resumed after the summer break. TP2 occurred while school was in session and COVID-19 incidence was rising in the region, but before significant restrictions were implemented. TP3 occurred directly after the autumn break, with a first layer of restrictions in public life while school continued with in-person learning. TP4 occurred when a more restrictive lock-down took effect. TP5 occurred after a 4-month period of lock-down and home schooling.

For further details see <https://www.niedersachsen.de/Coronavirus/vorschriften/vorschriften-der-landesregierung-201461.html>.

**TABLE A1 Students study participation and test results by time point**

	Time point of testing						No. of participants*	No. of tests**
	TP0	TP1	TP2	TP3	TP4	TP5		
<b>Participants</b>	646	637	625	662	544	469	779	
<b>New participants per time point</b>	-	80	18	29	7	-	132	
<b>Pharyngeal swap PCR tests</b> <i>(Positive tests in parentheses)</i>	642	634	624	657 (1)	542	465	777 (1)	3564 (1)
<b>Serum sample Antibody tests</b> <i>(Positive tests in parentheses)</i>	570 (6)	501 (4)	-	494 (5)	-	370 (8)	667 (13)	1935 (23)

\* No. of individuals participating in at least one testing time point

\*\* No. of accomplished tests of all individuals and time points

**TABLE A2 Demographics of study participants**

Study participation per grade	Age (years)	Female sex	Hight (cm)	Weight (kg)	BMI	Chronic disease	Medication	Smoking	Household size	No. of children in household	
	N (%)	Mean (SD)	N (%)	Mean (SD)	Mean (SD)	Mean (SD)	N (%)	N (%)	N (%)	Mean (SD)	Mean (SD)
