- regulation of mitotic cell cycle phase transition (GO:1901990)
- mitochondrial respiratory chain complex III assembly (GO:0034551)
- respiratory chain complex III assembly (GO:0017062)
- mitochondrial respiratory chain complex III biogenesis (GO:0097033)
- mitotic cell cycle phase transition (GO:0044772)
- cellular response to increased oxygen levels (GO:0036295)
- regulation of cyclin-dependent protein serine/threonine kinase activity (GO:0000079)
- positive regulation of cell cycle (GO:0045787)
- mitochondrial respiratory chain complex assembly (GO:0033108)
- regulation of histone deacetylase activity (GO:1901725)
