

Item category	Checklist Item	Manuscript page	Section
Design	Describe survey design	4	Method - Objective and Design
IRB	IRB approval	6	Method - Setting and Participants
	Informed consent	Not applicable	Not applicable
	Data protection	Described in referenced protocol	Method - Objective and Design
Recruitment process	Open survey versus closed survey	5	Method - Setting and Participants
	Contact mode	5	Method - Setting and Participants
	Advertising the survey	Not applicable	Not applicable
Survey administration	Web/E-mail	5	Method - Setting and Participants
	Context	5	Method - Objective and Design
	Mandatory/voluntary	6	Method - Objective and Design
	Incentive	Not applicable	Not applicable
	Time/Date	5	Method - Setting and Participants
	Randomization of items or questionnaire	Described in referenced protocol	Method - Objective and Design
	Adaptive questioning	Described in referenced protocol	Method - Objective and Design
	Number of items	Described in referenced protocol	Method - Objective and Design
	Number of screens	Described in referenced protocol	Method - Objective and Design
	Completeness check	Described in referenced protocol	Method - Objective and Design
	Review step	Described in referenced protocol	Method - Objective and Design
Response rates	Unique site visitor	6	Method - Data collection

	View rate	Not applicable	Not applicable
	Participation rate	7	Results
	Completion rate	Same as participation rate	Results
Preventing multiple entries	Cookie used	Described in referenced protocol	Method - Objective and Design
	IP check	Described in referenced protocol	Method - Objective and Design
	Log file analysis	Described in referenced protocol	Method - Objective and Design
	Registration	Described in referenced protocol	Method - Objective and Design
Analysis	Handling of incomplete questionnaires	Not applicable	Not applicable
	Questionnaire submitted with an atypical timestamp	5	Method - Setting and Participants
	Statistical correction	Not applicable	Not applicable
