eTable 1. Billing Codes

Study Data Point	Associated Billing Code(s)	Code Description	Relevant keywords	Additional Notes
Mechanical Ventilation	521166 521169	Mechanical ventilation Other unspecified ventilator assistance	N/A	CTC daily mechanical ventilation code used rather than ICD-10 code for intubation procedure because the ICD-10 code does not reflect daily ventilation
Lab Test	361110	Aerobic culture	Sources include respiratory tract, sputum, nasopharyngeal, other/unspecified	Hospital charge description keywords: tracheal aspirate, trach, endotracheal, TA, respiratory, nasopharyngeal, sputum
