

Tau filaments assembled from all 6 brain isoforms

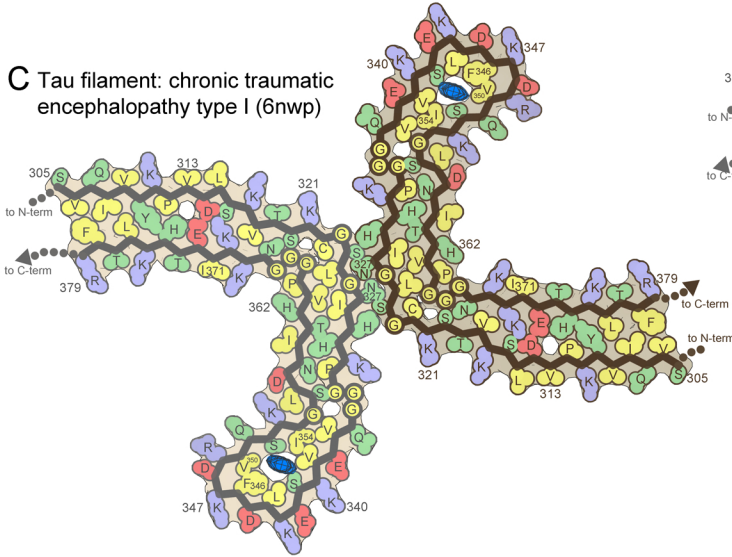

A Tau PHF filament from Alzheimer's disease brain (5o3L)

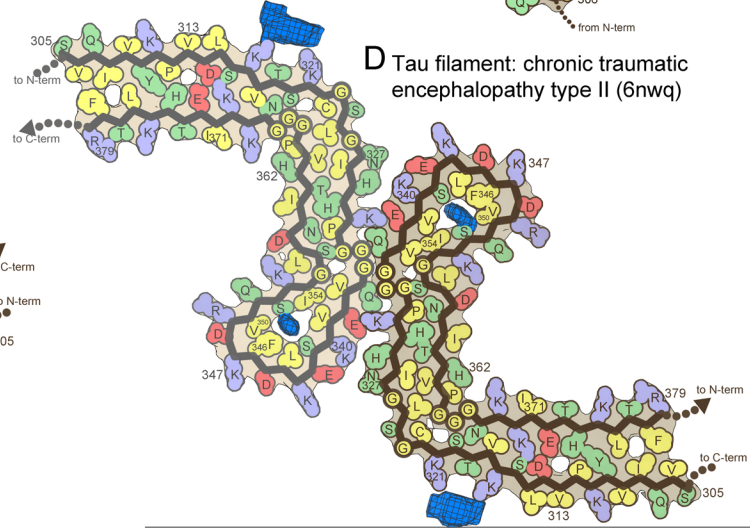

B Tau SF filament from Alzheimer's disease brain (5o3t)

C Tau filament: chronic traumatic encephalopathy type I (6nwp)

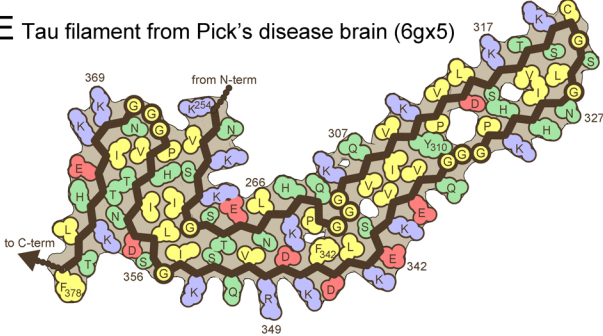

D Tau filament: chronic traumatic encephalopathy type II (6nwq)

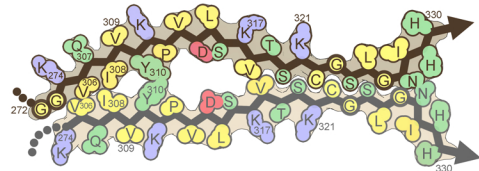

3R Tau filaments

E Tau filament from Pick's disease brain (6gx5)

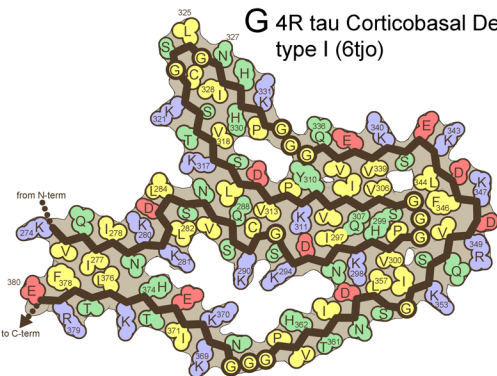

F Tau 3R heparin induced (6qjq)

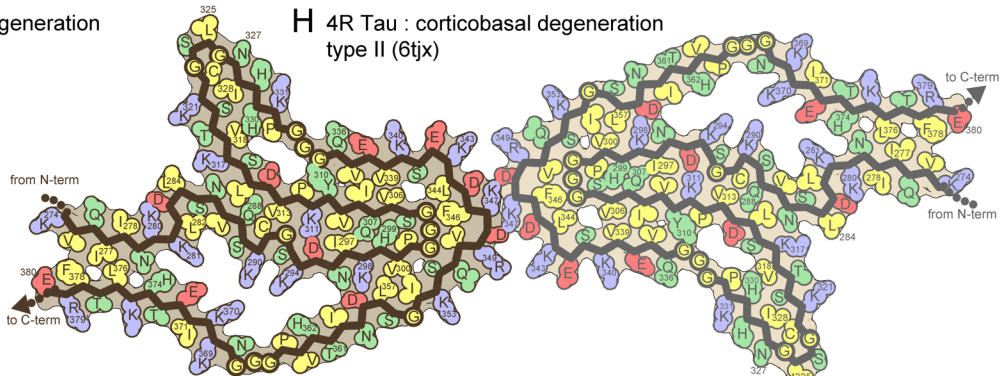

4R Tau filaments

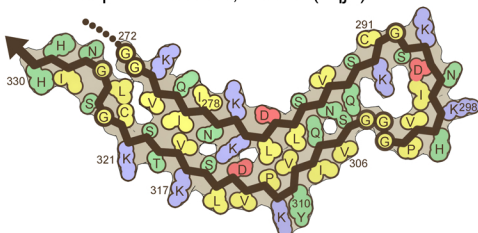

G 4R tau Corticobasal Degeneration type I (6tjo)

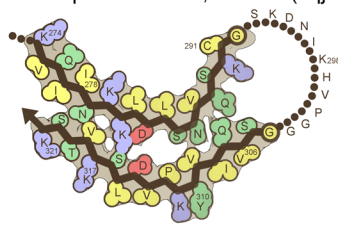

H 4R Tau : corticobasal degeneration type II (6tjx)

I 4R Tau heparin induced, Snake (6qjh)

J 4R Tau heparin induced, Twister (6qjm)

K 4R Tau heparin induced, Jagged (6qjp)
