

Supplementary Material 2 Dataset, The cell proliferation was tested by using CCK8 and BRDU immunofluorescence

Supplementary Material 3 Dataset, The expression of miR29b-3p, VEGFA, TGF- β , PDGF were tested following XSSJS Compound Serum intervention in HSCT6 Cells

Supplementary Material 4 Dataset, The expression of miR29b-3p, VEGFA, TGF- β , PDGF were tested following XSSJS intervention in HF rats

Supplementary Material 5 Dataset, XSSJS intervention alleviated hepatic fibrosis with reduced pathological course in HF rats

Supplementary Material 6 The expression of VEGFA, TGF- β , PDGF were tested following XSSJS Compound Serum intervention in HSCT6 Cells

Supplementary Material 19, The expression of VEGFA, TGF- β , PDGF were tested following XSSJS intervention in HF rats

Supplementary Materials 7-18 and 20-31 are raw Western blots.
