<b>Assessment Questions for Instructors and Learners for Best Case/Worst Case Trauma ICU Training</b>
Please rate the learner's/your ability to do the following:
Complete the information on the BC/WC graphic aid on rounds
Tell a story about the Best Case Scenario for your patients
Use GTOS to help generate plausible stories for patients
Identify pertinent events during the patient's ICU course to update the graphic aid
Talk with family members/patients using the graphic aid
Begin to transition to the BC/WC Acute Decision tool if appropriate

5-point Likert scale: 1 = cannot do this independently, 3 = could do this with prompting or assistance, 5 = able to do this independently without prompting
