Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The result of mRNA expression profile changes in Siglec15-mediated immunosuppression effect of tumor cells on immune cells and function enrichment.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and experiment protocol will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since TCGA may be updated over time.
7	To whom will you share the data?	Medical oncologists who are interested in studies of Siglec15.
8	For what type of analysis or purpose?	For analysis to evaluate the role of Siglec15 in tumor immune microenvironment.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 19111210007@fudan.edu.cn
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
