

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Differential expression analysis between ID2 Ser-5D versus wt and empty vector.

File Name: Supplementary Data 2

Description: Gene ontology enrichment analysis between ID2 Ser-5D versus wt expressing samples collected 10 h after double thymidine block.

File Name: Supplementary Data 3

Description: ImpulseDE2 analysis between ID2 Ser-5D versus wt expressing samples collected 10 h after double thymidine block.
