

IFN- λ 1

Supplemental Figure 1. IFN- λ 1 levels in maternal and infant serum following SARS-CoV-2 infection in pregnancy. A: Maternal serum IFN- λ 1 expression in Control vs COVID cohorts. B: Maternal serum IFN- λ 1 sub-analysis among Control, Early COVID and Late COVID cohorts. C: Infant serum IFN- λ 1 expression in Control vs COVID cohorts. D: Infant serum IFN- λ 1 sub-analysis among Control, Early COVID and Late COVID cohorts. E: Correlation analysis of IFN- λ 1 expression in maternal-infant dyads. *Control*, *COVID*, *Early COVID*, and *Late COVID*: as described in Figures 1 and 2.
