

CTGH Faculty Survey

We would appreciate feedback on your experience teaching in Clinical Topics in Global Health this year.

Thank you!

Please indicate your primary institutional affiliation:

- Harvard University (Harvard Medical School/Harvard School of Public Health)
 Other university/medical center in the US
 Other university/medical center outside the US
 Other (specify)

Other institution: _____

How helpful were the following teaching methods in delivering your lecture?

	Not at all helpful	Slightly helpful	Very helpful	Did not use (N/A)
Polls	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Breakout rooms	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Chat Q&A	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Verbal questions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ability to deliver lecture while away from the Harvard campus	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

In your opinion, what are the advantages of teaching via a remote platform (compared to in-person teaching)? _____

In your opinion, what are the disadvantages of teaching via a remote platform (compared to in-person teaching)? _____

How effective do you think remote teaching is in delivering global health education, compared to in-person teaching?

- Remote teaching is less effective than in-person teaching. Remote teaching is equally effective as in-person teaching. Remote teaching is more effective than in-person teaching.

When the course is offered again, would you prefer to teach remotely or in person?

- In-person learning on the Harvard Medical School campus Continue to offer this course on a video-conferencing platform Use a combination of in-person and video-conferencing sessions

Any additional comments on your experience teaching in this course? _____
