

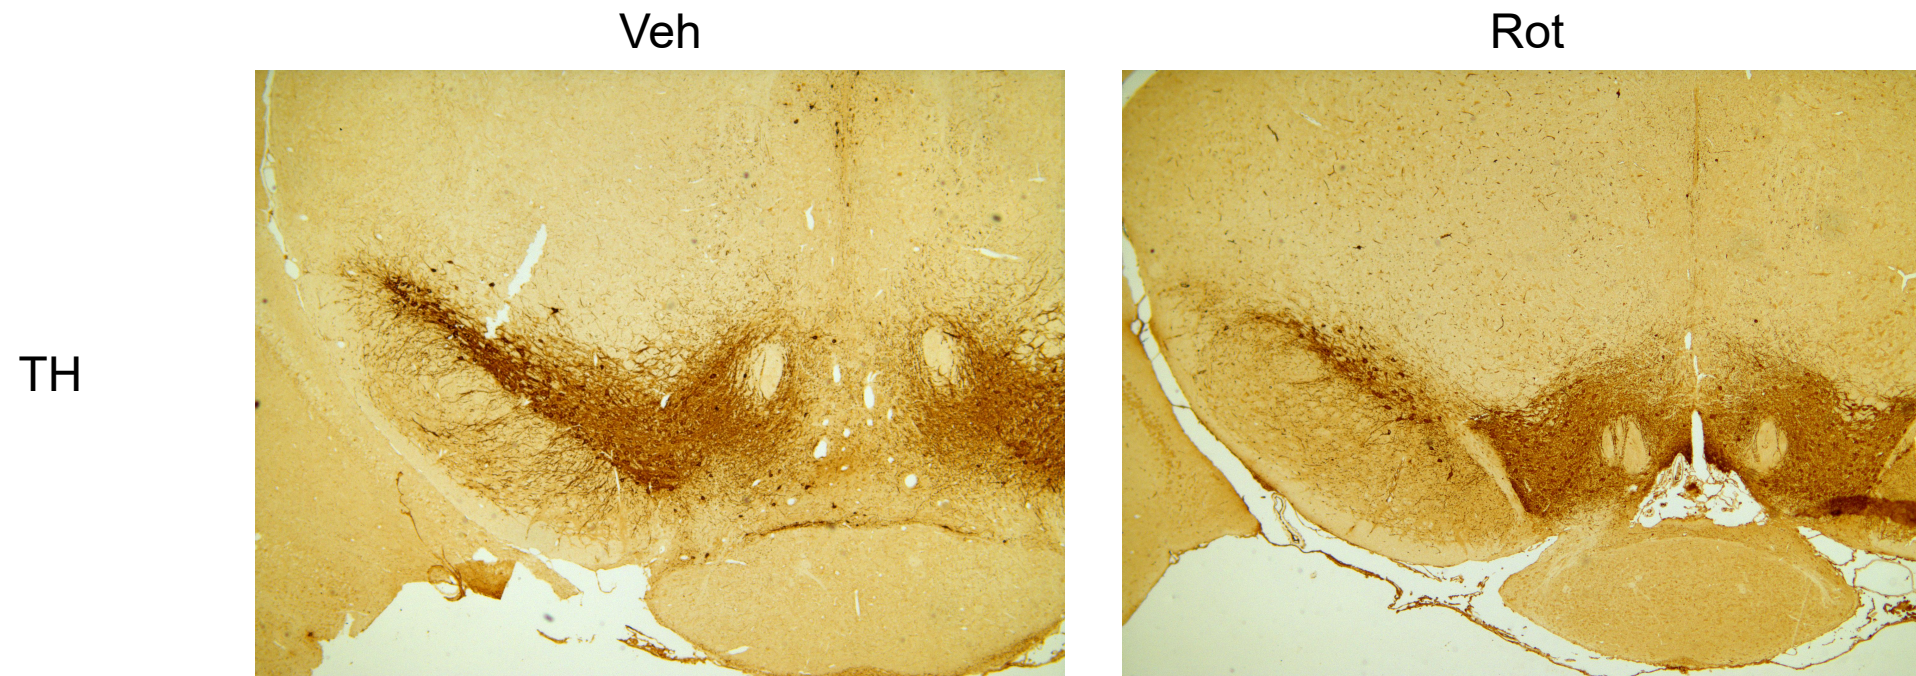

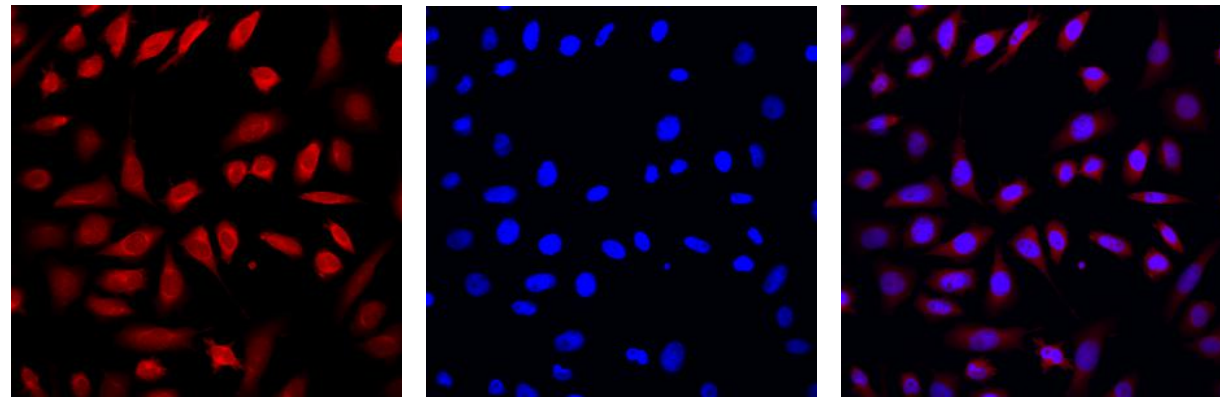

Fig1. A

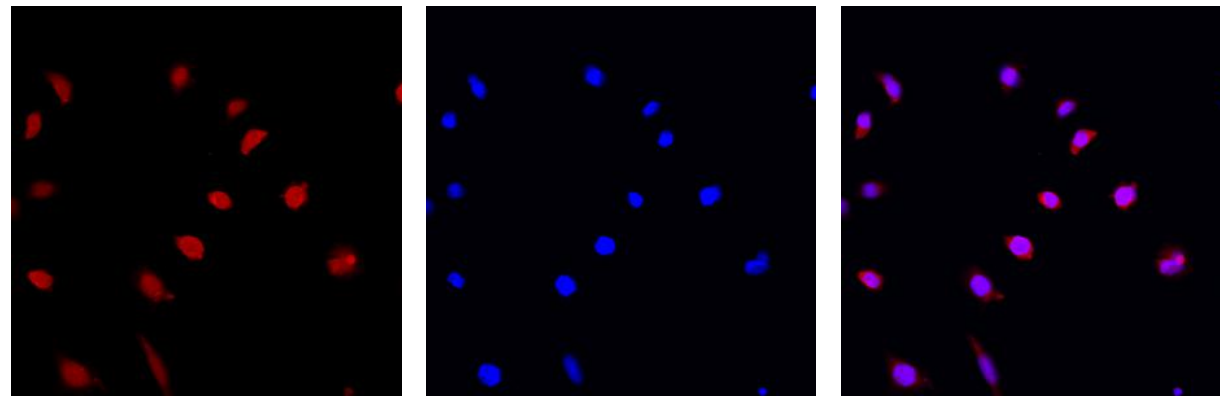

The Original image of TH immunohistochemical staining in Fig1. A

Figure2.C

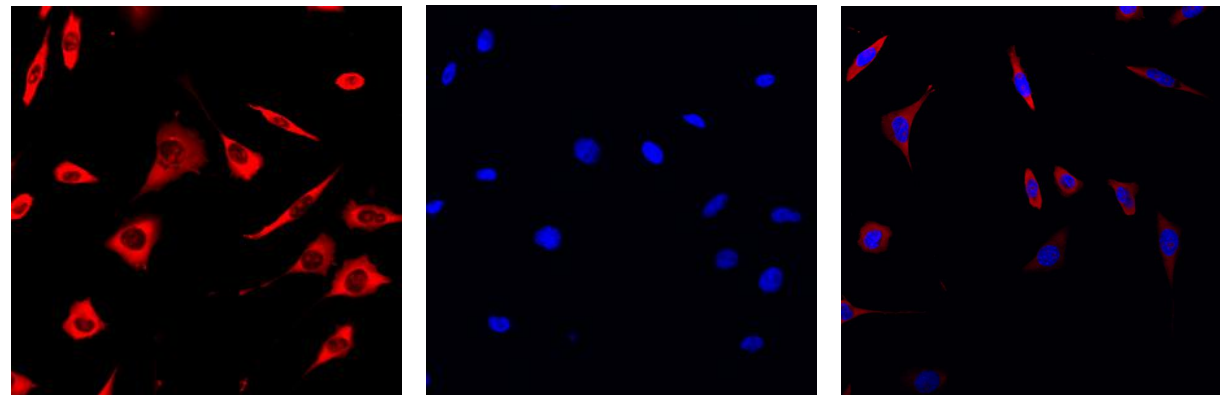

circ-Pank1

U6

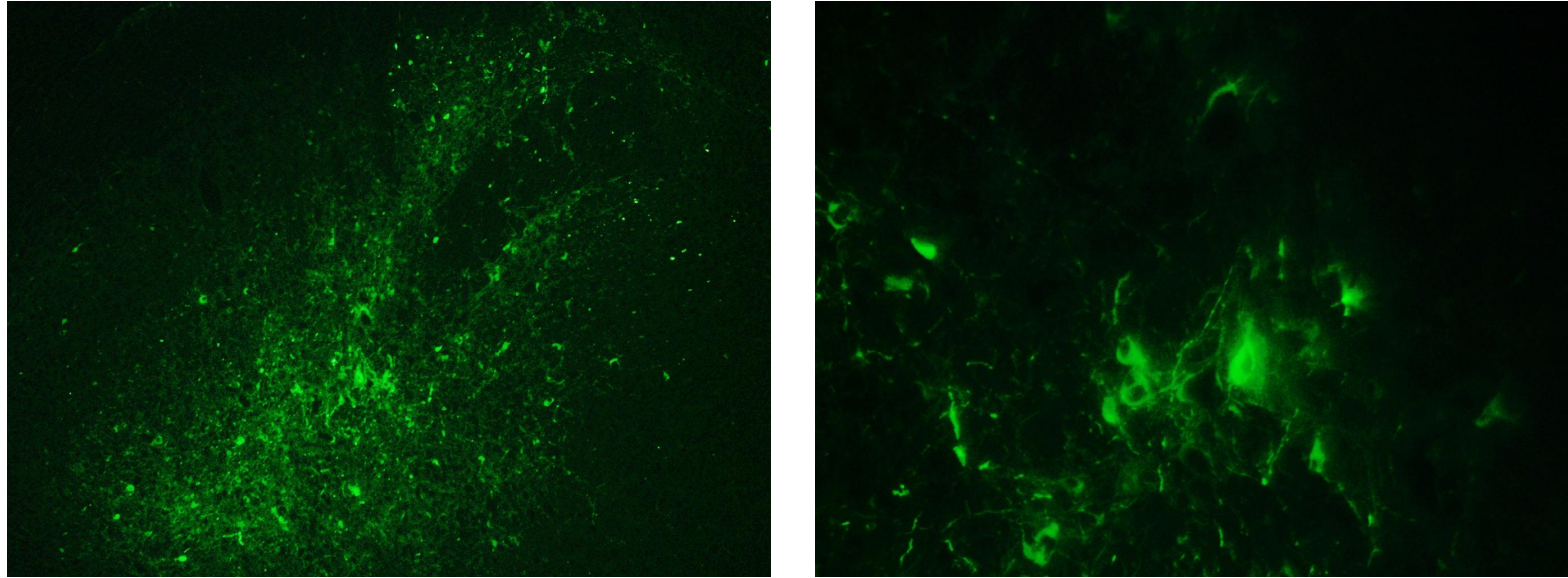

18S

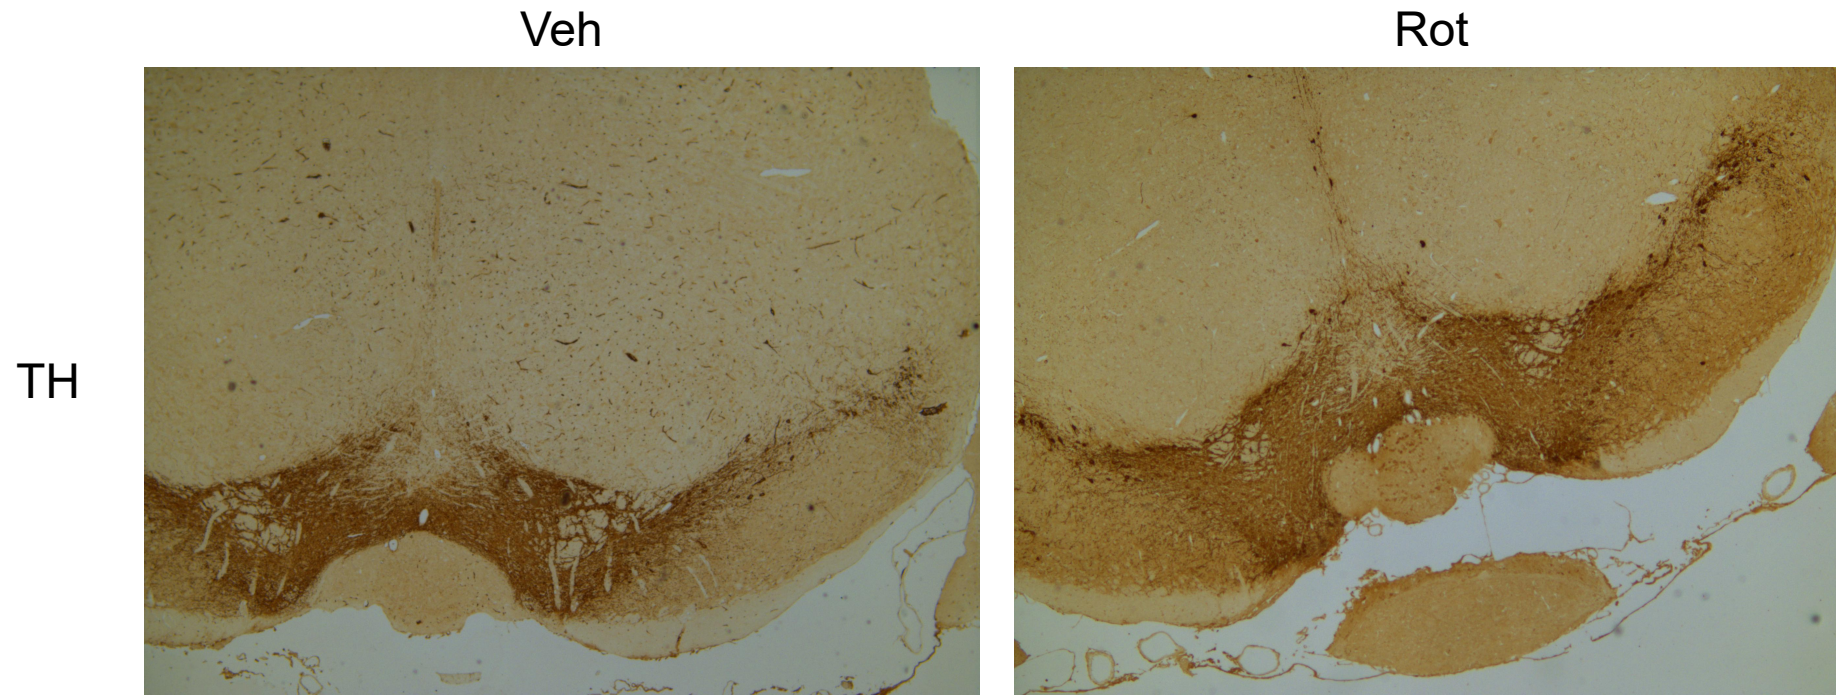

The original image of circ-Pank1, nuclear control U6 and cytoplasmic control 18S fluorescence in situ hybridization in Figure2.C

Fig6. C

Representative fluorescence image of the virus-transfected section in Fig6.C

Fig6. E

The Original image of TH immunohistochemical stainingis in Fig6. E
