

115 **S3 Table. Clinical monitoring sheet for *in vivo* study.** Clinical symptoms tracked in animals
 116 vaccinated with BNT162b for the first 10 days post vaccination. Any animal with a score of 5
 117 in a single category, overall score of 10 or weight loss of more than 20% is euthanized. Clinical
 118 monitoring sheet is adapted from the Univeristy of British Columbia Animal Care and Use
 119 program.
 120

Clinical Symptoms	Clinical Score
Nothing Abnormal	0
Body Weight (g)	
5-9% loss	1
10-14% loss	2
15-20% loss	3
Hydration	
Dry Eyes	1
Sunken Eyes	2
Signs of Weakness
