

Basch E, Schrag D, Henson S, et al. Effect of electronic symptom monitoring on patient-reported outcomes among patients with metastatic cancer: a randomized clinical trial. *JAMA*. Published online June 5, 2022. doi:10.1001/jama.2022.9265

Data Sharing Statement

Data

Data available: Yes

Data types: Deidentified participant data, Data dictionary

How to access data: Investigators may submit a request for data from this published trial by completing an Alliance Data Sharing Request Form, found at <https://www.allianceforclinicaltrialsinoncology.org/main/cmsfile?cmsPath=/Public/Datasharing/files/Alliance-DataRequestForm-11112020.docx>, and submitting it to concepts@allianceNCTN.org. Once received, the request will be forwarded to the Alliance Statistics and Data Management Center (SDMC) and Cancer Care Delivery Research Committee. The SDMC will confirm the availability of the data. Once the SDMC confirms availability, and the Cancer Care Delivery Research Committee approves the request, the investigator will be sent a Data Release. Once the Data Release is received from the requesting investigator, the SDMC will be notified that the requested data may be released.

When available: beginning date: 09-01-2024

Supporting Documents

Document types: None

Additional Information

Who can access the data: Investigators may submit a request for data from this published trial by completing an Alliance Data Sharing Request Form, found at <https://www.allianceforclinicaltrialsinoncology.org/main/cmsfile?cmsPath=/Public/Datasharing/files/Alliance-DataRequestForm-11112020.docx>, and submitting it to concepts@allianceNCTN.org. Once received, the request will be forwarded to the Alliance Statistics and Data Management Center (SDMC) and Cancer Care Delivery Research Committee. The SDMC will confirm the availability of the data. Once the SDMC confirms availability, and the Cancer Care Delivery Research Committee approves the request, the investigator will be sent a Data Release. Once the Data Release is received from the requesting investigator, the SDMC will be notified that the requested data may be released.

Types of analyses: Any purpose.

Mechanisms of data availability: See above Alliance policy.
