

Description of Additional Supplementary Files

File name: Supplementary Data 1

Description: The source data behind the graphs in the Fig 1.

File name: Supplementary Data 2

Description: The source data behind the graphs in the Fig 2.

File name: Supplementary Data 3

Description: The source data behind the graphs in the Fig 3.

File name: Supplementary Data 4

Description: The genes regulated by Pou2f3.

File name: Supplementary Data 5

Description: The source data behind the graphs in the Fig 4.

File name: Supplementary Data 6

Description: The source data behind the graphs in the Fig 5.

File name: Supplementary Data 7

Description: The source data behind the graphs in the Fig 6.

File name: Supplementary Data 8

Description: Marker genes of mTEC subsets calculated by scATAC-seq.
