## **Nephrology Trials**

An initial search of Phase 3 trials in the journals, The Lancet and the New England Journal of Medicine revealed a small number of Phase 3 nephrology trials conducted in a five year period, so we expanded our search to include six high impact journals (Indexed in ISI Web of Science): The Lancet, The New England Journal of Medicine, The Journal of the American Medical Association, the Clinical Journal of the American Society of Nephrology, Kidney International and Nephrology Dialysis Transplantation; an expanded time frame and any of Phase 2 or 3 trials.

Search:
