

Description of Additional Supplementary Files

File name: Supplementary Data 1

Description: The source data behind the graphs in the paper.

File name: Supplementary Movie 1

Description: Wound healing assay for ECFCs conjugated with Vh-NP. The source data behind Figure 4c-e

File name: Supplementary Movie 2

Description: Wound healing assay for ECFCs conjugated with SB-NP. The source data behind Figure 4c-e

File name: Supplementary Movie 3

Description: Wound healing assay for GDMECFs conjugated with Vh-NP. The source data behind Figure 4c-e

File name: Supplementary Movie 4

Description: Wound healing assay for GDMECFs conjugated with SB-NP. The source data behind Figure 4c-e

File name: Supplementary Movie 5

Description: Tube formation assay for ECFCs conjugated with Vh-NP. The source data behind Figure 5a-c

File name: Supplementary Movie 6

Description: Tube formation assay for ECFCs conjugated with SB-NP. The source data behind Figure 5a-c

File name: Supplementary Movie 7

Description: Tube formation assay for GDMECFs conjugated with Vh-NP. The source data behind Figure 5a-c

File name: Supplementary Movie 8

Description: Tube formation assay for GDMECFs conjugated with SB-NP. The source data behind Figure 5a-c
