

	WSS	20x	40x	40x + Mask	Nuclear YAP1+ (% tumor cells)
S-BCC 1					85.34
S-BCC 2					69.33
S-BCC 3					76.08
S-BCC 4					76.47
S-BCC 5					85.23
S-BCC 6					86.01
S-BCC 7					82.74
S-BCC 8					71.95

Supplemental Figure 2. Nuclear YAP1 expression in all S-BCC cases included in the study. Tumor overview on whole slide scan (first column), details of regions marked with a red square in first column (20x magnification, second column), details of regions marked with red square in second column (40x magnification, third column), details of regions marked with red square in second column (40x magnification) with overlapping color mask (fourth column. Nuclear YAP1+ tumor cells marked with red color; nuclear YAP1- tumor cells marked with blue color; non-tumor cells marked with yellow color. Percentages of YAP1+ tumor cells for all cases in fifth column.
