- H-index (Google Scholar): **158**

PROFILE

Dr. David Moher is a Professor in the School of Epidemiology and Public Health, University of Ottawa. Dr. Moher established and directs the Centre for Journalology at the Ottawa Hospital Research Institute. His research focus is open scholarship and trustworthiness in research. A world recognized scientific leader in the methodology of systematic reviews and the development of reporting guidelines for health research studies, Dr. Moher has led the development of consensus standards for the reporting of cluster randomized trials (CONSORT), systematic reviews of randomized trials (QUORUM), systematic reviews of observation studies (MOOSE) and diagnostic studies (STARD). Dr. Moher has been a Clarivate Analytics 'Most Cited Researcher in the World' on several occasions, and his research has been cited more than a third of a million times.
