

Note to readers with disabilities: *EHP* strives to ensure that all journal content is accessible to all readers. However, some figures and Supplemental Material published in *EHP* articles may not conform to [508 standards](#) due to the complexity of the information being presented. If you need assistance accessing journal content, please contact ehp508@niehs.nih.gov. Our staff will work with you to assess and meet your accessibility needs within 3 working days.

Supplemental Material

The Intersection of Immigrant and Environmental Health: A Scoping Review of Observational Population Exposure and Epidemiologic Studies

Kelvin C. Fong, Seulkee Heo, Chris C. Lim, Honghyok Kim, Alisha Chan, Whanhee Lee, Rory Stewart, Hayon Michelle Choi, Ji-Young Son, and Michelle L. Bell

Table of Contents

Table S1. Reviewed Studies' Exposure of Interest by Region, Disparity Focus, and Year Published.

Figure S1. Identification and Screening of Literature. Figure modeled after the *Preferred Reporting Items for Systematic Reviews and Meta-Analyses (PRISMA)* Guidelines. For inclusion, a study had to explore environmental exposure or environmental exposure health effect disparities between immigrants vs. non-immigrants in a non-randomized setting (*i.e.*, cohort study, case-control study, cross-sectional study, ecologic study, time-series).
