Title: Supplementary Data 1
Description: Sequences, measurements, and LaFleur linear model predictions across all datasets

Title: Supplementary Data 2
Description: Sequences and LaFleur quadratic model predictions across all datasets.

Title: Supplementary Data 3
Description: Lagator et al. extended model predictions and sequences.

Title: Supplementary Data 4
Description: F-tests, model benchmarking, and mono-nt vs. tri-nt model comparison.

Title: Supplementary Data 5
Description: Fitted model slopes and intercepts used for benchmarking.
