

**Supplemental Table S2.** Histological Subtypes of Follicular Thyroid Carcinoma Patients, and Hurthle cell Thyroid Carcinoma Patients

Variable	Follicular thyroid carcinoma			Hurthle cell thyroid carcinoma		
	Mutation-type (n=7)	Wild-type (n=31)	Proportion of <i>TERT</i> promoter mutation, %	Mutation-type (n=1)	Wild-type (n=13)	Proportion of <i>TERT</i> promoter mutation, %
Minimally invasive	3	28	9.7	0	13	0.0
Encapsulated angioinvasive	2	3	40.0	1	0	100.0
Widely invasive	2	0	100.0	0	0	0.0

*TERT*, telomerase reverse transcriptase.
