

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Sequencing statistics for individual runs.

File Name: Supplementary Data 2

Description: List of protein coding genes overlapped with SVs.

File Name: Supplementary Data 3

Description: The numerical source data behind the figures.

File Name: Supplementary Software 1

Description: The in-house scripts (`mendelian-check.py` and `gene-enrichment.py`).

File Name: Supplementary Software 2:

Description: The codes behind the figures.
