Appendix 2: A list of data extracted

Please refer to separate Excel file for Appendix 2.

Appendix 3: Redefined variables used in the multivariate analysis

Category	Variables	Definition	Number of studies
Disease area	Rheumatoid arthritis	If disease of interest is rheumatoid arthritis	74
	Psoriasis	If disease of interest is psoriasis	64
	Inflammatory bowel disease	If diseases of interest are ulcerative colitis and Crohn's disease	45
	Others	If diseases of interest are other than above	17
Publication year	2010–2013	If study of interest was published from 2010 to 2013	53
	2014–2017	If study of interest was published from 2014 to 2017	60
	2018–2020	If study of interest was published from 2018 to 2020	87
Region	North America	If countries of interest are categorized North America by Ministry of Foreign Affairs of Japan	55
	Europe	If countries of interest are categorized Europe by Ministry of Foreign Affairs of Japan	108
	Asia	If countries of interest are categorized Asia by Ministry of Foreign Affairs of Japan	27
	Others	If countries of interest are other than above	10
Economic analysis	CEA	If study of interest conducted a CEA	54
	CUA	If study of interest conducted a CUA	137
	CEA + CUA	If study of interest conducted a CEA and CUA	9
Study sponsor	Pharmaceutical company	If study of interest was sponsored by a pharmaceutical company	124
	Non-pharmaceutical company and no funding	If study of interest was sponsored by a non-pharmaceutical company or no funding	51
	Not reported	If study of interest did not report the sponsor	25
Model type	Markov	If study of interest used Markov model	99
	Decision analytic/decision tree	If study of interest used a decision analytic/decision tree model	22
	Simulation model	If study of interest used a simulation model	33
	Non-modelling study	If study of interest was not model-based	43
	Not reported	If study of interest did not report details regarding modelling	3
Intervention(s)	Biologics and/or JAKi	If interventions of interest are included biologics and/or JAKi	171
	Others	If interventions of interest include other than above	29

Appendix 4: Details for discount rate, cost year, and geographical region of included studies

Key: FS, full satisfied; NA, not available; NS, not satisfied; PS, partially satisfied.

Notes: Cheers checklist Questions:

1. Title
2. Abstract
3. Background and objectives
4. Target population and subgroups
5. Setting and location

Question No.	1	2	3	4	5	6	7	8	9	10	11 a	11 b	12	13 a	13 b	14	15	16	17	18	19	20 a	20 b	21	22	23	24	
Study Detail																												
<p>6. Study perspective</p> <p>7. Comparators</p> <p>8. Time horizon</p> <p>9. Discount rate</p> <p>10. Choice of health outcomes</p> <p>11a. Measurement of effectiveness: Single study-based estimates</p> <p>11b. Measurement of effectiveness: Synthesis-based estimates</p> <p>12. Measurement and valuation of preference-based outcomes</p> <p>13a. Estimating resources and costs: Single study-based economic evaluation</p> <p>13b. Estimating resources and costs: Model-based economic evaluation</p> <p>14. Currency, price date, and conversion</p> <p>15. Choice of model</p> <p>16. Assumptions</p> <p>17. Analytic methods</p> <p>18. Study parameters</p> <p>19. Incremental costs and outcomes</p> <p>20a. Characterising uncertainty: Single study-based economic evaluation</p> <p>20b. Characterising uncertainty: Model-based economic evaluation</p> <p>21. Characterising heterogeneity</p> <p>22. Study findings, limitations, generalizability, and current knowledge</p> <p>23. Source of funding</p> <p>24. Conflicts of interest</p>
