Dear Patricia, Elizabeth, Amelie, Lily, Vassilis, Kathleen, Poppi, Jens, and Dan,

Pinelopi Engskog-Vlachos in our laboratory who contributed to the generation of the new data set included during the revision of our manuscript entitled "SETD2 transcriptional control of ATG14L/S isoforms regulates autophagosome-lysosome fusion" to *Cell Death & Disease* has been added as co-author for her contribution.

The list of authors is as follows:

Patricia González-Rodríguez, Elizabeth Delorme-Axford, Amelie Bernard, Lily Keane, Vassilis Stratoulis, Kathleen Grabert, [Pinelopi Engskog-Vlachos](#), Jens Füllgrabe, Daniel J. Klionsky, Bertrand Joseph.

Could you please all (including Poppi) confirm by return of email that you agree to this change in the list of authors? See request from the journal below.

I take the chance to thank you for our long-term successful and stimulating collaboration.

best regards

Bertrand

Dear Professor Joseph,

In checking in your manuscript submitted to Cell Death & Disease it has come to our attention that the following must be addressed before we can proceed.

1. It has come to our attention that your most recent author list differs from the one in your original submission. We find that the following authors have been added since your initial submission: Pinelopi Engskog-Vlachos

Please request agreement from all authors including additions and deletions, these can be collected in the following way:

Email your co-authors with the change, and ask them to reply to your email confirming that they agree to these changes. Once you have collected these replies, please combine all of the co-authors' email responses in one document and upload this file to your submission.

Your paper is now available for you to edit, you may access via the following link:

Please make the correction(s) as specified above and resubmit your paper following the same steps as before.

If you have any questions please feel free to contact us.

Sincerely,

Editorial Office

Dear Professor Joseph,

In checking in your manuscript submitted to *Cell Death & Disease* it has come to our attention that the following must be addressed before we can proceed.

1. It has come to our attention that your most recent author list differs from the one in your original submission. We find that the following authors have been added since your initial submission: Pinelopi

Engskog-Vlachos

Please request agreement from all authors including additions and deletions, these can be collected in the following way:

Email your co-authors with the change, and ask them to reply to your email confirming that they agree to these changes. Once you have collected these replies, please combine all of the co-authors' email responses in one document and upload this file to your submission.

Your paper is now available for you to edit, you may access via the following link:

Please make the correction(s) as specified above and resubmit your paper following the same steps as before.

If you have any questions please feel free to contact us.

Sincerely,

Editorial Office
