

# MF rating images

Hi!

Thank you for taking part in this survey!

Please fill in a few short questionnaires and then rate the images presented. When evaluating the images, we want to know how people rate the images presented in the

- Valencia (how pleasant or positive)
  - Arousal (how intense)
  - Threat (how threatening or dangerous)
  - Disgust (how disgusting)
- dimensions.

We would like to draw your attention to the fact that the images to be evaluated present disturbing content (injuries, blood, sharp objects). Please start filling in the questionnaire with this in mind.

It should take approximately 20-25 minutes to complete the questionnaire and assess the images. Participation in the survey is voluntary. By taking part, you agree that the data you provide will be anonymised and aggregated for research purposes. The identity of the respondent cannot be traced in any way.

There are no right or wrong answers to the questions!

Thank you for helping us to carry out our research by completing this form.
