

The screenshot shows a matching tool interface with several columns labeled "No match". Three callout boxes provide instructions:

- Use the age range and domains for quicker navigation**: A callout box pointing to a dropdown menu in the top left corner.
- Tip: use "page down" to efficiently skim through the items to be matched**: A callout box pointing to the "No match" labels.
- Do not put anything in red cells**: A callout box pointing to a red cell in the interface.

Criteria	Very Strong	Strong	Partial	No match
Behaviour	Measures the same underlying behaviour	Measures a similar underlying behaviour	Measures a somewhat similar underlying behaviour	Does not measure the same behaviour
Wording	Very few or no words difference	Some words difference	Many words difference	Very different wording
Facility	Measures exactly the same level of facility (if applicable)	Measures a similar quantity level of facility (if applicable)	Measures a somewhat different level of facility (if applicable)	Measures a very different level of facility (if applicable)
