

Author's Response To Reviewer Comments

Close

Dear Dr. Nogoy,

Please find attached the updated version of our manuscript following your requests:

- All URLs from the main text are now references
- I completed the Availability of source code section
- I added some missing RRIDs
- I fixed a typo in the URL in the abstract
- Ref 10 is now "Nature Genetics in press" instead of a preprint.

Best wishes,

Matthieu Foll
