

PEER REVIEW HISTORY

BMJ Open publishes all reviews undertaken for accepted manuscripts. Reviewers are asked to complete a checklist review form (<http://bmjopen.bmj.com/site/about/resources/checklist.pdf>) and are provided with free text boxes to elaborate on their assessment. These free text comments are reproduced below.

ARTICLE DETAILS

| | |
|----------------------------|--|
| TITLE (PROVISIONAL) | The influence of the COVID-19 pandemic and social media on the behaviour of pregnant and lactating women towards vaccination: a scoping review |
| AUTHORS | De Brabandere, Larissa; Hendrickx, Greet; Poels, Karolien; Daelemans, Walter; Van Damme, Pierre; Maertens, Kirsten |

VERSION 1 – AUTHOR RESPONSE

Reviewer: 1

Dr. Marta Perez, The University of Texas at Austin Dell Medical School

This is an expansive, international review of vaccine acceptance attitudes and uptake among pregnant and lactating individuals before and during the COVID19 pandemic. I think there could be improvements in the fluidity of English language but the content is sound.

Competing interests of Reviewer: I authored one of the manuscripts listed in the review.

We submitted our review for proofreading to Linguapolis, a language center in Antwerp (Belgium) known for its quality and academic expertise.
